**RECREATION DEPARTMENT UPDATE: Director, Jessie Hollenbeck:**

Program and event update:

- Paddle and Pour went well considering the wet conditions and thunderstorms. Art vendor area closed early. Town staff picked up the art equipment and tents, rushed them to their vehicles, and ensured participants left the space safely. For the most part, bands kept to their normal schedule. Food sales were not at the level they normally are. Evening attendance was good.
- Meghan Brooks, Recreation Leader started with the department full time. Meghan will be supervising concert, school break camps and Adventure Camp. Meghan will also be processing facility reservations for the department.
- Summer Camp is going well. Weeks are at capacity or just under. The department's seasonal program staff has been great working with the campers.
- Gaga pit next to the playground was finished and continues to be used by program participants and the general public.
- Concerts have been well attended. We start our Family Outdoor Movies tonight and Concerts for Kids next week.
- Town Board items for the July 16 meeting include 2024 fall programs and a vendor agreement with our amusement rides company.
